

STRATEGY FOR SETTING AND DEVELOPING INTERNATIONAL COOPERATION IN RESEARCH AND DEVELOPMENT & INTERNATIONALISING THE RESEARCH ORGANISATION

Tomas Bata University in Zlín
Centre of Polymer Systems

EUROPEAN UNION
European Structural and Investing Funds
Operational Programme Research,
Development and Education

MISSION (WHY?)

International cooperation as a way to unique, excellent and sustainable outputs of UNI/CPS.

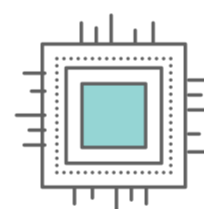

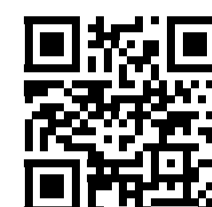

VALUES (WHAT IS IMPORTANT?)

- OPENNESS
- PARTNERSHIP
- FLEXIBILITY
- PROFESSIONAL RESPONSIBILITY
- TRANSPARENCY
- RECOGNITION OF EXPERIENCE WITH MOBILITY
- CAREER DEVELOPMENT
- VALUE OF MOBILITY
- CONTINUOUS PROFESSIONAL DEVELOPMENT
- ATTITUDE TO EDUCATION AND CONTINUOUS DEVELOPMENT OF RESEARCHERS

VISION (WHICH WAY?)

UNI/CPS makes use of the uniqueness of the infrastructure and processes built for the field of international R&D cooperation to develop and subsequently implement new knowledge in polymeric systems into the practice within the international context.

STRATEGIC GOALS (WHERE?)

Strategic goals with **respect to work organization** (material and technical pre-requisites), **development of qualification** (knowledge, skills, personal abilities), and **employee motivation** (financial/non-financial incentives) are defined and continuously updated.
